Subject: Fwd: RE: Archaeological "clearance" status

Hi Kristine,

Please see attachments with respect to the Archaeological clearance regarding the 6 lot proposal.

This was required as per item number 49 re: Clearview Comment Tracking Document.

Kevin

Hi Kevin,

Thank you for providing the attached map to assist us with your inquiry regarding the archaeological status of 8946 County Road 91 in Duntroon, Ontario. A letter was sent in 2006 to the licensed archaeologist who completed the archaeological assessment, concurring with their recommendation that the property be cleared of further archaeological concern, but requesting a copy of the development application mapping in order to finalize the review. Now that we have received this mapping and compared it with the completed archaeological assessment, we have no further concerns and a copy of this letter is attached for you to provide to the approval authority as part of your development application. If the approval authority has any questions about the letter, they may contact us directly at archaeology@ontario.ca.

Regards,

Kathryn Bryant

Hi Kevin,

Thank you for sending us this map. We are working on a response and will get back to you shortly.

Kind Regards,

Jessica Marr (she/her)

Hi Meagan,

Please find attached the proposed 6-Lots regarding the subject land for Archaeology Clearance.

Regards,

Kevin Brown

Hello Cathy and Mr. Brown,

I hope you have both had a pleasant holiday season.

In order for us to confirm whether the archaeological concerns have been addressed for the property, we need to see an official map or plan of the property to be developed, showing the boundaries of the property. It can be a pdf, jpeg or a similar digital file emailed to archaeology@ontario.ca. Usually this would be the same map or plan of the current 6-Lot development that is submitted to the municipality on a development application.

Once we receive this, a staff person from the Archaeology Program Unit will compare it to the data we have and discuss it with Mr. Brown directly. We can also then answer any further questions he may have.

Thanks,

Meagan

the sender.**

Good morning,

Back at the end of October I had been in contact with the Ministry of Citizenship and Multiculturalism in regards to my constituent who is looking for assistance with his heritage file and archaeological clearance status number pertaining to 8946 County Road 91 in Duntroon Ontario.

I did receive a reply as found below here:

"Thank you for your email regarding the archaeological "clearance" status of this property. We ask that you please send a digital copy of the development application map(s) to archaeology@ontario.ca. Once the map(s) is received, Archaeology Program staff will assist you with your inquiry."

I have copied my constituent Kevin Brown on this email as he is unsure as to what a **digital copy of the development application map** is.

(Kevin Brown (705) 446-1974).

Could you please advise as he would like to get some answers on this project.

Thank you for your time and we await your reply.

Regards,

Cathy Laws
