### Recycling Changes Starting January 1<sup>st</sup> 2026

Recycling Collection is changing for Industrial, Commercial & Institutional (IC&I) properties in Simcoe County starting January 1, 2026. Simcoe County will no longer be responsible for collecting or maintaining recycling carts.

IC&I zoned properties (e.g., small businesses, churches, food banks) are not included in curbside recycling under the new Provincial legislation. Recycling drop-off remains available at County facilities (fees may apply) although garbage and organics collection will continue as usual.

This change is mandated by the Province, not the County or your local municipality.
