

Revised Notice of Study Completion Addendum to Schedule B Municipal Class Environmental Assessment Long Term Water Supply to Clearview, Community of Stayner

The Study

The Township of Clearview (Township) has completed an Addendum to the Municipal Class Environmental Assessment (MCEA) for the Long-Term Water Supply for Clearview (Schedule B). The previous MCEA study was completed in February 2008 to assess long-term water supply requirements for Clearview based on forecasted growth and encompassed numerous communities in Clearview. This Addendum focused solely on Stayner, triggered by a viable groundwater source north east of Stayner.

The Study Area includes the southern portion of an agricultural property, located at 1585 Klondike Park Road, at the northeast corner of Klondike Park Road and Sunnidale Concession 12 Road, and the existing rights-of-way along Sunnidale Concession 12 Road west from 1585 Klondike Park Road to County Road 7, south on County Road 7 to Nottawasaga 27/28 Sideroad (County Road 96), and west on Nottawasaga 27/28 (County Road 96) to the Township Public Works building (see map).

The Process

The EA Addendum Report to document the planning, public consultation and decision-making process has been prepared. The EA Addendum Report will be available for public review online for a 30-day review period from February 25, 2021 to March 29, 2021, in accordance with the MCEA process; at: <https://www.clearview.ca/news-events-meetings/special-projects/municipal-class-ea-long-term-water-supply-clearview-stayner>. To provide comments on the project, or if you require alternative accommodations to view the EA Addendum Report, please contact either of the project members by 4:30 P.M. March 29, 2021:
