Designer Requirements

All drawings submitted for building permit applications are required to be prepared by either the owner or prepared by a qualified designer, architect or professional engineer, or a combination. Some drawings must be designed by a professional engineer when the design falls outside of the prescriptive requirements of Part 9, Division B of the Building Code.

Qualified designers are required to provide their name, BCIN#, designer statement and signature on the plans. They are also required to complete the Schedule 1 designer form.

Where to apply for a building permit

To apply for a building permit please bring all required drawings to the Clearview Municipal Office, located at 217 Gideon Street, Stayner, Ontario.

Cost of building permit

The cost of the permit is as per permit fee schedule, we accept cash, cheque and debit as methods of payment. This includes the administrative process, the review of drawings, the building permit and building inspections.

Time

Once a complete permit application is made the permit will be reviewed by the Planning Department for zoning compliance and once completed the Building Department will complete the review within a maximum of 10 business days.

Typical Required Building Inspections

Building inspections are booked through contacting the Building Department 705-428-6230 ext. 232.

When requesting inspections, please quote Building Permit Number and allow a minimum of 48 hours' notice. Required inspections include: (some inspections listed can be completed in a different order and maybe combined)
