

CLEARVIEW

## CLEARVIEW CLIMATIC DATA INFORMATION

### 2012 ONTARIO BUILDING CODE

Supplementary Standard SB-1 of the 2012 Ontario Building Code establishes the Climatic and Seismic Data for areas throughout Ontario.

**Clearview** utilizes the climatic and seismic data and design parameters as listed in the row “**Collingwood**” of Table 1.2, MMAH

The **Ground Snow Loads (S<sub>s</sub>)** within the geographical area of Clearview is based on the climatic data for Collingwood as described in the Supplementary Standard SB-1 of the 2012 Ontario Building Code resulting in design values for a 50 year return period (Q50) is **2.7 KPa**.
