Hi Mara,

This comment just came through the regular public participation portal. I have a suspicion that it may be related to Rossalyn's PM on 143-145 Mill Street. Can you confirm. If it is, do you mind sending her an email advising that her comments have been submitted for the public meeting file.

Thanks! Today seems to be a day of confusion!

Written Comments and Inquiries:

Creemore- parking space should not be reduced. Building/Appartment need their spot. Mill Street is already jam packed re: parking space. Tenants will have to park in front of store front and this is not what we want. We need to keep the street parking available to customers. Building units should anticipate 2 parking spots/unit and same per store front or those seconds cars will be on Main Street + winter night parking will become an issue.

Please maintain the number of parking spot high for new build.
